St James' CE Primary School Key Stage 2 Acceptable Use of Technology Policy 2024

I understand that the school Acceptable Use Policy will help keep me safe and happy online at home and at school.

Safe

- I only send messages which are polite and friendly. I know that sending a message is the same as having a conversation with someone. I will not be rude or hurt someone's feelings online.
- I will only post pictures or videos on the internet if they are safe and appropriate, and if I have permission from an adult, and I have permission of the people in the photo or video.
- I only talk with, and open messages, from people I know.
- I will only click on links if I know they are safe.
- I know that people I meet online may not always be who they say they are. If someone online suggests meeting up, I will immediately talk to an adult.
- I will protect myself by not telling anyone I meet online my address, my telephone number, my school name or by sending a picture of myself without permission from a teacher or other adult.
- I will always be myself and not pretend to be anyone or anything I am not. I know that posting anonymous messages or pretending to be someone else is not allowed.

Learning (including remote/online learning)

- I always ask permission from an adult before using the internet.
- I only use websites and search engines that my teacher has chosen.
- I use school devices for school work unless I have permission otherwise.
- If I need to learn online at home (sometimes called remote/online learning), I understand that:
 - remote learning will only take place using Microsoft 365 and during usual school times.
 - My use of Microsoft 365 is monitored to help keep me safe. If my teacher is recording a session, they will have permission from Mr Tutt or Miss Hayward and my parents/carers. The recording will be kept safely and securely and only seen by St James' staff.
- Only members of St James' CE Primary School community can access Microsoft 365.
 - I will only use my school provided email accounts to access remote learning.
 - I will use privacy settings as set up by the school.
 - I will not share my login/password with others.

- I will not share any access links to remote learning sessions with others.
- When taking part in remote learning I will behave as I would in the classroom. This includes:
 - Using appropriate language.
 - Not taking or recording images/content without agreement from the teacher and those featured.
 - Being polite and friendly at all times.
- When taking part in live sessions I will:
 - Mute my video and microphone. My teacher will control if/when my video and/or microphone are unmuted.
 - Wear appropriate clothing e.g. my school uniform.
 - Ensure backgrounds of videos are neutral and personal information/content is not visible.
 - Use appropriate alternative backgrounds if my teacher gives permission.
 - Attend lessons in a suitable shared/communal space or room and supervised by a parent/carer or another appropriate adult.

Trust

- I know that not everything or everyone online is honest or truthful.
- I will check content on various sources like other websites, books or with a trusted adult.
- I always credit the person or source that created any work, images, or text I use.

Responsible

- I keep my personal information safe and private online.
- I will keep my passwords safe and will not share them and I will log off when I have finished using a computer or device.
- I will not access or change other people's files or information.

- I will use all devices and technology in a sensible way that does not damage equipment, including when moving around school. I will not plug/unplug devices without adult supervision.
- I know that I am not allowed on personal email, social networking sites or instant messaging whilst in school.
- If, for any reason, I need to bring a personal/smart device or mobile phone into school I know that it is to be switched off, handed in to my teacher and then collected at the end of the school day. I know that I need a letter from Mr Tutt or Miss Hayward before this is allowed. I will not use my mobile phone or smart device whilst at school unless I have permission from Mr Tutt or Miss Hayward.
- I know that being responsible means that I should not look for bad language, inappropriate images or violent or unsuitable games, and that if I accidentally come across any of these, I should report it to a teacher or adult in school, or a parent or carer at home.

Understand

- I understand that the school internet filter is there to protect me, and I will not try to bypass it.
- I know that all school devices and networks are monitored to help keep me safe, including when I use them at home. This means someone at the school may be able to see and/or check my online activity when I use school devices and/or networks if they are concerned about my or anyone else's safety or behaviour.

- If I get unpleasant, rude, or bullying emails or messages, I will report them to a teacher or other adult. I will not delete them straight away, but instead, keep them so I can show them to the person I am reporting it to.

St James' CE Primary School

Parent/Carer Acceptable Use of Technology Policy Acknowledgement 2024

1. I have read and discussed St James' CE Primary School pupil acceptable use of technology policy (AUP) with my child and understand that the AUP will help keep my child safe online.
2. I understand that the AUP applies to my child's use of school devices and systems on site and at home including school Microsoft 365 accounts, and personal use where there are safeguarding and/or behaviour concerns. This may include if online behaviour poses a threat or causes harm to another pupil, could have repercussions for the orderly running of the school, if a pupil is identifiable as a member of the school, or if the behaviour could adversely affect the reputation of the school.
3. I understand that any use of school devices and systems are appropriately filtered; this means that the school's internet provider blocks access to sites which could promote or include harmful and/or inappropriate behaviour or material.
4. I am aware that my child's use of school provided devices and systems will be monitored for safety and security reasons, when used on and offsite. This includes physical monitoring via supervision, and monitoring internet and web access. Monitoring approaches are in place to keep my child safe and to ensure policy compliance. This monitoring will be proportionate and will take place in accordance with data protection, privacy, and human rights legislation.
5. I understand that the school will take every reasonable precaution, including implementing appropriate monitoring and filtering systems as above, to ensure my child is safe when they use school devices and systems, on and offsite. I however understand that the school cannot ultimately be held responsible for filtering breaches that occur due to the dynamic nature of materials accessed online, or if my child is using a personal device, including mobile or smart technologies.
6. I am aware that the school mobile and smart technology policy states that my child cannot use personal device and mobile and smart technology on site. If, for any reason, my child needs to bring a personal/smart device or mobile phone into school I will seek written permission from Mr Tutt or Miss Hayward. If given permission to bring a mobile phone or smart device to school, they know that it is to be switched off, handed in to their teacher and then collected at the end of the school day.

7. I understand that my child needs a safe and appropriate place to access remote/online learning, for example, if the school is closed. I will ensure my child's access to remote/online learning is appropriately supervised and any use is in accordance with the school remote learning AUP.
8. I and my child are aware of the importance of safe online behaviour and will not deliberately upload or share any content that could upset, threaten the safety of or offend any member of the school community, or content that could adversely affect the reputation of the school.
9. I understand that the school will contact me if they have concerns about any possible breaches of the AUP or have any concerns about my child's safety online.
10. I will inform the school (for example speaking to a member of staff and/or the Designated Safeguarding Lead) or other relevant organisations if I have concerns over my child's or other members of the school community's safety online.
11. I know that my child will receive online safety education to help them understand the importance of safe use of technology and the internet, both in and out of school.

St James' CE Primary School Staff Acceptable Use of Technology Policy 2024

As a professional organisation with responsibility for safeguarding, all members of staff are expected to use St James' CE Primary School IT systems in a professional, lawful, and ethical manner. To ensure that members of staff understand their professional responsibilities when using technology and provide appropriate curriculum opportunities for pupils, they are asked to read and sign the staff Acceptable Use of Technology Policy (AUP).

Our AUP is not intended to unduly limit the ways in which members of staff teach or use technology professionally, or indeed how they use the internet personally, however the AUP will help ensure that all staff understand St James' CE Primary School expectations regarding safe and responsible technology use and can manage the potential risks posed. The AUP will also help to ensure that school systems are protected from any accidental or deliberate misuse which could put the safety and security of our systems or members of the community at risk.

Policy scope

1. I understand that this AUP applies to my use of technology systems and services provided to me or accessed as part of my role within St James' CE Primary School both professionally and personally, both on and offsite. This may include use of laptops, mobile phones, tablets, digital cameras, and email as well as IT networks, data and data storage, remote learning and online and offline communication technologies.
2. I understand that St James' CE Primary School Acceptable Use of Technology Policy (AUP) should be read and followed in line with the school child protection policy, staff code of conduct and remote learning AUP.
3. I am aware that this AUP does not provide an exhaustive list; all staff should ensure that technology use is consistent with the school ethos, school staff behaviour and safeguarding policies, national and local education and child protection guidance, and the law.

Use of school devices and systems

4. I will only use the equipment and internet services provided to me by the school for example school provided laptops, tablets, mobile phones, and internet access, when working with pupils.
5. I understand that any equipment and internet services provided by my workplace is intended for education purposes and/or professional use and should only be accessed by members of staff. Reasonable personal use of setting IT systems and/or devices by staff is allowed however this should be outside of teaching hours and not in the presence of pupils. This use is at the school's discretion and can be revoked at any time.
6. Where I deliver or support remote/online learning, I will comply with the school remote/online learning AUP.

Data and system security

7. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or securing/locking access.
 - I will use a 'strong' password to access school systems. A strong password has numbers, letters and symbols, with 8 or more characters, does not contain a dictionary word and is only used on one system. Passwords should be regularly changed.
 - I will protect the devices in my care from unapproved access or theft for example by not leaving devices visible or unsupervised in public places.
8. I will respect school system security and will not disclose my password or security information to others.
9. I will not open any hyperlinks or attachments in emails unless they are from a known and trusted source. If I have any concerns about email content sent to me, I will report them to the IT system manager.
10. I will not attempt to install any personally purchased or downloaded software, including browser toolbars, or hardware without permission from the IT system manager.
11. I will ensure that any personal data is kept in accordance with the Data Protection legislation, including UK GDPR in line with the school information security policies.
 - All personal data will be obtained and processed fairly and lawfully, only kept for specific purposes, held no longer than necessary and will be kept private and secure with appropriate security measures in place, whether used in the workplace, hosted online or accessed remotely.
 - Any data being removed from the school site, such as via email or on memory sticks or CDs, will be suitably protected. This may include data being encrypted by a method approved by the school.

- Any data being shared online, such as via cloud systems or artificial intelligence tools (AI), will be suitably risk assessed and approved by the school Data Protection Officer and leadership team prior to use to ensure it is safe and legal.
12. I will not keep documents which contain school related sensitive or personal information, including images, files, videos, and emails, on any personal devices, such as laptops, digital cameras, and mobile phones. Where possible, I will use my school Microsoft 365 account to upload any work documents and files in a password protected environment or school approved/provided VPN.

 14. I will ensure that school owned information systems are used lawfully and appropriately. I understand that the Computer Misuse Act 1990 makes the following criminal offences: to gain unauthorised access to computer material; to gain unauthorised access to computer material with intent to commit or facilitate commission of further offences or to modify computer material without authorisation.
 15. I will not attempt to bypass any filtering and/or security systems put in place by the school.
 16. If I suspect a computer or system has been damaged or affected by a virus or other malware, I will report this to a Computing Lead (Adele Smith/Jez Stevens) or IT Technician as soon as possible.
 17. If I have lost any school related documents or files, I will report this Computing Lead (Adele Smith/Jez Stevens) or IT Technician and school Data Protection Officer (Satswana) as soon as possible.

21. I am aware of the expectations relating to safe technology use in the classroom, safe remote learning, and other working spaces as listed in the school's child protection policy, remote learning AUP

St James' CE Primary School Wi-Fi Acceptable Use of Technology Policy 2024

As a professional organisation with responsibility for children's safeguarding it is important that all members of the school community are fully aware of the school boundaries and requirements when using the school Wi-Fi systems and take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft.

This is not an exhaustive list, and all members of the school community are reminded that technology use should be consistent with our ethos, other appropriate policies, and the law.

1. The school provides Wi-Fi for the school community and allows access for education use only. Visitors and volunteers will only be given access for specific purposes (agreed by SLT), should not use the school Wifi for any other purpose, should not save the Wifi password to a non-school device and should log out once the purpose is served.
2. I am aware that the school will not be liable for any damages or claims of any kind arising from the use of the wireless service. The school takes no responsibility for the security, safety, theft, insurance, and ownership of any device used within the school premises that is not the property of the school.
3. The use of technology falls under St James' CE Primary Acceptable Use of Technology Policy (AUP), child protection policy and behaviour policy which all pupils /staff/visitors and volunteers must agree to and comply with.
4. The school reserves the right to limit the bandwidth of the wireless service, as necessary, to ensure network reliability and fair sharing of network resources for all users.
5. School owned information systems, including Wi-Fi, must be used lawfully; I understand that the Computer Misuse Act 1990 makes the following criminal offences: to gain unauthorised access to computer material; to gain unauthorised access to computer material with intent to commit or facilitate commission of further offences or to modify computer material without authorisation.
6. I will take all practical steps necessary to make sure that any equipment connected to the school service is adequately secure, such as up-to-date anti-virus software, systems updates.
7. The school wireless service is not secure, and the school cannot guarantee the safety of traffic across it. Use of the school wireless service is done at my own risk. By using this service, I acknowledge that security errors and hacking are an inherent risk associated with any wireless network. I confirm that I knowingly assume such risk.

8. The school accepts no responsibility for any software downloaded and/or installed, email opened, or sites accessed via the school wireless service's connection to the internet. Any damage done to equipment for any reason including, but not limited to, viruses, identity theft, spyware, plug-ins or other internet-borne programs is my sole responsibility; and I indemnify and hold harmless the school from any such damage.
9. I will respect system security; I will not disclose any password or security information that is given to me. To prevent unauthorised access, I will not leave any information system unattended without first logging out or locking my login as appropriate.
10. I will not attempt to bypass any of the school security and filtering systems or download any unauthorised software or applications.
11. My use of school Wi-Fi will be safe and responsible and will always be in accordance with the school AUP and the law including copyright and intellectual property rights. This includes the use of email, text, social media, social networking, gaming, web publications and any other devices or websites.
12. I will not upload, download, access or forward any material which is illegal or inappropriate or may cause harm, distress or offence to any other person, or anything which could bring the school into disrepute.
13. I will report any online safety concerns, filtering breaches or receipt of inappropriate materials to the Designated Safeguarding Lead (Lucy Hayward) or deputy DSL (Sarah Greenfield, John Tutt, Penny Wardell, Angie Pierce) as soon as possible.
14. If I have any queries or questions regarding safe behaviour online, I will discuss them with Designated Safeguarding Lead Lead (Lucy Hayward) or deputy DSL (Sarah Greenfield, John Tutt, Penny Wardell, Angie Pierce) or the headteacher.
15. I understand that my use of the school Wi-Fi may be monitored and recorded to ensure policy compliance in accordance with privacy and data protection legislation. If the school suspects that unauthorised and/or inappropriate use or unacceptable or inappropriate behaviour may be taking place, then the school may terminate or restrict usage. If the school suspects that the system may be being used for criminal purposes, the matter will be brought to the attention of the relevant law enforcement organisation.

I have read, understood and agreed to comply with St James' CE Primary School Wi-Fi Acceptable Use Policy.

The Remote/Online Learning Acceptable Use Policy (AUP) is in place to safeguarding all members of school St James' CE Primary School community when taking part in remote/online learning, for example following any full or partial school closures.

Leadership oversight and approval

1. Remote/online learning will only take place using using Microsoft 365.
 - Microsoft 365 has been assessed and approved by the SLT team.
2. Staff will only use school managed or specific, approved professional accounts with pupils and/or parents/carers.
 - Use of any personal accounts to communicate with pupils and/or parents/carers is not permitted.
 - Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with Lucy Hayward, Designated Safeguarding Lead (DSL).
 - Staff will use work provided equipment where possible e.g. a school laptop or tablet.
3. Online contact with pupils and/or parents/carers will not take place outside of the operating times as defined by SLT:
 - Monday – Friday 8am – 6pm
4. All remote/online sessions will be formally timetabled; a member of SLT or DSL is able to drop in at any time.
5. Live streamed remote/online learning sessions will only be held with approval and agreement from the headteacher/a member of SLT.

Data Protection and Security

6. Any personal data used by staff and captured by Microsoft 365 when delivering remote learning will be processed and stored with appropriate consent and in accordance with our data protection policy, which can be found on our [school website](#).
7. Email communication with multiple parents will be sent via ParentMail so that email addresses and/or names are not disclosed to other recipients.

8. All remote/online learning and any other online communication will take place in line with current school confidentiality expectations as outlined in the staff code of conduct policy.
9. All participants will be made aware that Microsoft 365 can record activity. Before any recordings are made, consent will be obtained from SLT and parents/carers. The recording will be saved in the Remote Learning folder on StaffPublic which is only accessed by staff and recordings will be deleted after 30 days.
10. Staff will not record lessons or meetings using personal equipment under any circumstance.
11. Only members of the St James' CE Primary School community will be given access to Microsoft 365.
12. Access to Microsoft 365 will be managed in line with current IT security expectations as outlined in our Online Safety Policy and Staff Acceptable Use Policy

Session management

13. Staff will record the length, time, date, and attendance of any sessions held. This will be recorded through Microsoft 365 Teams or on the Remote Learning Record document and stored in the Remote Learning Folder on StaffPublic.
14. Appropriate privacy and safety settings will be used to manage access and interactions. This includes:

 - staff will **mute** pupils videos and microphones unless pupil participation is required.
 - at least 2 members of staff will be present or SLT will be able to 'drop in' unannounced to any session
16. Live 1 to 1 sessions will only take place with approval from the headteacher/a member of SLT. If these are permitted, a parent/carer must give consent, be present in the room if possible (however, this may not be appropriate if providing counselling or safeguarding support) and the session must be auditable either by making a recording or by a member of the SLT team being present.
17. A pre-agreed email, which has been approved by the SLT, detailing the session expectations will be sent to those invited to attend.
 - Access links should not be made public or shared by participants.
 - Pupils and/or parents/carers should not forward or share access links.
 - Pupils are encouraged to attend lessons in a shared/communal space or room with an open door and when appropriately supervised by a parent/carer or another appropriate adult.
18. Alternative approaches and/or access will be provided to those who do not have access.

Behaviour expectations

19. Staff will model safe practice and moderate behaviour online during remote sessions as they would in the classroom.
20. All participants are expected to behave in line with existing school policies and expectations. This includes
- Appropriate language will be used by all attendees.
 - Staff will not take or record images for their own personal use.
 - Other attendees cannot record events for their own use.
21. Staff will remind attendees of behaviour expectations and reporting mechanisms at the start of the session.
22. When sharing videos and/or live streaming, participants are required to:
- wear appropriate dress.
 - ensure backgrounds of videos are neutral (blurred if possible).
 - ensure that personal information and/or unsuitable personal items are not visible, either on screen or in video backgrounds.
23. Educational resources will be used or shared in line with our existing teaching and learning policies, taking licensing and copyright into account.

Policy Breaches and Reporting Concerns

24. Participants are encouraged to report concerns during remote **and/or** live-streamed sessions:
- Pupils should report concerns to the member of staff running the session or tell a parent/carer/trusted adult.
25. If inappropriate language or behaviour takes place, participants involved will be removed by staff, the session may be terminated, and concerns will be reported to a member of the SLT team.
26. Inappropriate online behaviour will be responded to in line with existing policies such as acceptable use of technology, allegations against staff, anti-bullying and behaviour.
27. Sanctions for deliberate misuse may include contacting parents, restricting/removing use, and/or contacting police if a criminal offence has been committed.
28. Any safeguarding concerns will be reported to our Designated Safeguarding Lead (Lucy Hayward) or deputy DSL (Sarah Greenfield, John Tutt, Penny Wardell, Angie Pierce) in line with our child protection policy.
