

English

LO: To explore Toad's character

In episode 4, we heard Rat talking to Badger about Toad and his reckless driving. They were very worried about Toad because he had been in 7 'smash ups' (crashes), he had been in hospital 3 times and had received lots of fines. Badger had said that they would sort him out so that he would be a 'sensible' Toad.

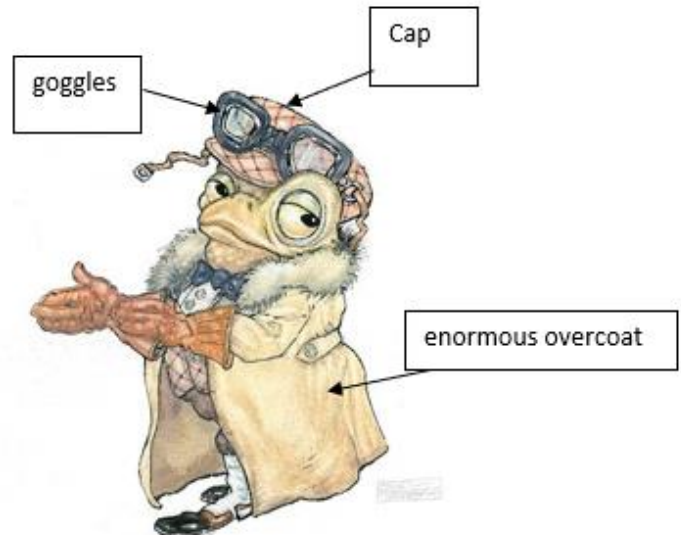

In this episode, we find out how Badger and his friends try and sort Toad out!

Glossary

Gaiters- a cloth or leather covering for the leg or ankle, buttoned on one side and usually strapped under the foot

A solemn promise- a serious promise

Episode 6. Mr Toad

disregarded- ignored

feeble- weak

Listen up to 10 minutes and 26 seconds (10:26)

1. Write the date and LO and underline with a ruler.
2. Describe the trick that Toad played on Badger.
3. Describe the trick that Toad played on Rat
4. Locking Toad in his room was not successful in helping Toad become more sensible! Write a sentence describing an alternative plan.
I think Badger and Rat could have,
5. You have already had a go at describing Toad's character in an earlier episode, however today you have discovered even more about him. He is a bit of a trickster! Think of 3 more adjectives to describe his character. Use a thesaurus to help if you have one or use an online version eg. <https://www.thesaurus.com/>
 -
 -
 -
6. Look up the word **gullible** in a dictionary if you have one or use an online version eg <https://kids.wordsmysmith.net/we/> and write the definition in your books.
7. Do you think it's fair to describe Rat and Badger as gullible? Explain your thinking. Eg.
I think it's fair to call Badger and Rat gullible because ..
Or
I don't think it's fair to call Badger and Rat gullible because ..

SPaG

Strawberry synonyms and antonyms. (attached sheet)

- If you are able to print off the attached sheet, colour the ripe strawberry red if it contains 2 words that are synonyms. If the words in the strawberry are antonyms (opposites) colour the unripe strawberry green.
- If you are unable to print off the sheet, then write the 2 words found in each strawberry in your books. Draw a red strawberry next to the word if they are synonyms or a green strawberry next to the word if they are antonyms. Eg

Hot, cold

Big, large

Mark your own SPaG work using the answer sheet attached.

Maths

LO To complete symmetrical patterns

LO: To complete symmetrical patterns.

You will need the attached maths sheet and it may help to use a mirror.

1 Chilli - Challenge 1 and Challenge 2 grids A and B. Then draw a 6X6 grid in your book and a line of symmetry (a mirror line) to split the grid in half. Make a symmetrical pattern on your grid, using coloured squares.

2 and 3 Chillies – All the questions on the sheet.

Then everyone – have a go at these

Jack

A triangle has 1 line of symmetry unless you change the orientation.

Is Jack correct? Prove it.

Jack is incorrect. Changing the orientation does not change the lines of symmetry. Children should prove this by drawing shapes in different orientations and identifying the same number of lines of symmetry.

different types of triangles

How many different symmetrical shapes can you create using the given sides?

Children will find a variety of shapes.
For example:
