

<b>Contact Letter</b>	<b>Date: WB 12<sup>th</sup> October</b>	<b>Year Group: 5</b>
<b>Next week's learning:</b>  <b>Maths:</b> We will be revisiting formal subtraction from Year 4, progressing to using 6-digit numbers. These skills will then be extended o inverse operations and multi-step word problems.  <b>English:</b> We will be working with a comic script (Tintin) to summarise using words extracting information from pictures. We will then be writing our own story ending based on what we have seen.  <b>Wider curriculum:</b> We will continue to explore the Ancient Egyptians, looking into Hieroglyphics as a means of communication and information recording. We will be creating our own cartouches using watercolours on papyrus.		
<b>Additional Information:</b>
