

HOPE AT THE END OF THE RAINBOW

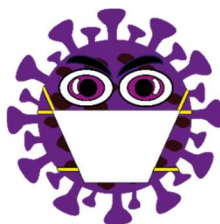

There's hope at the end of the rainbow,
We just need to start to believe.
That 2020 is behind us,
And the new year will be full of ease.

There's light at the end of the tunnel,
Things will get better soon,
Wash hands, cover face and make some space.
Is something we all need to do.

The virus will go away,
If everyone sticks to the rules.
Stay inside, other than exercise,
And try not to eat too much food!

Home schooling can be a challenge at times,
I miss my friends even more,
So, call, zoom or write, to the people you like,
And say hi to the Amazon man at the door.

So, lets stick together,
It's been a long day,
I've forgotten what month we are in,
It'll all be alright,
Once this COVID's out of sight
and we can start to be happy again.
