

Contact Letter	Date: 06.03.2020	Year Group: 4
Topic: Inventions - Roman Legacy		
Next week's learning: What Legacy did the Romans leave us? <ul style="list-style-type: none"> • Maths: We will be continuing to learn about decimals; adding and subtracting tenths and hundredths. When adding or subtracting the children will learn to know where the decimal point is placed. • English: We will be reading and learning 'The Jabberwocky' Poem before performing it in small groups and making portmanteau words. We will also be learning to use conjunctions in our writing to link ideas and make our sentences more interesting. • Wider curriculum: In Design Technology we will be making our Roman chariots over the next two weeks, using wood and card. The children will also be researching the Roman Bath system and the health benefits it brought.
