

03.07.20

Good Morning. Today we will continue to focus our learning around the story of 'A Home on the River.'

Maths

Ask a grown-up/sibling to hide numbers 0-20 around your house/garden.

Now go on a number hunt!

How many teen numbers can you find?

As you find the numbers, say them out loud and see if you can work out what is one more/one less.

Once you have collected all the numbers see if you can put them in order, starting at zero.

Phonics

Today we would like you to recap the sounds that we have been focusing on this week: ear, air, ure

Have a go at making an obstacle course with things you have in your garden or house.

Put words with the above sounds in them along the course (Hair, fair, pair, chair, fairy, lair, stairs, hear, near, fear, gear, tear sure, pure, endure, cure, measure, creature)

When you get to a word you need to sound it out before you can complete the next obstacle.

Daily Challenge

Natural art

Go for a walk or go into your garden to collect some things from nature (leaves/pine cones/sticks etc)

what can you make with things you find outside?

Be as creative as you'd like!

We would love to see some photos of your artwork.
