

Happy Tuesday Year 5

Here is today's home learning.

Maths:

Learning Objective:	To understand percentages as fractions and decimals.	Main Task: White Rose Home Learning Week 2- Lesson 4
VIDEO Tutorial:	https://whiterosemaths.com/homelearning/year-5/	Week 2-Lesson 4-Step 9-Percentages as fractions and decimals

English

If you didn't write your first chapter yesterday, **do that today (but make sure your character profile has had a comment first)**. Thank you for all the writing that came in yesterday. If you have been asked to improve the chapter by your teacher, please **do that today** and leave the following reading task until tomorrow.

For those children who have finished Chapter One successfully:

Read pages 17 - 23 of Kensuke's Kingdom (Chapter Two).

Now do the comprehension and True/False task for chapter two. Find evidence for your answers before filling it in.

Chapter Two – Water, water everywhere

1. How did Michael spend most of the time? (page 17/18)
2. When the sun shone what did they used to do? (page 18)
3. Who was allowed to be idle? (page 19)
4. How did she spend the rough days on board? (page 19)
5. Why did they sometimes find her annoying? (page 19)
6. Why did they not regret bringing Stella? (page 19/20)
7. What did Michael hope his parents would forget? (page 20)

Happy Learning.

Mr Pritchard, Mr Whyke & Mrs Sparkes

Chapter 2

	Questions	True	False
1	They all wore the right storm gear		
2	In daylight they didn't have to do anything		
3	Michael loved everything he did		
4	Stella barked at giant squid		
5	Mum would curl up on her bunk with Stella		
6	Michael was afraid of the screeching wind		
7	After one storm they made Michael do schoolwork		
8	At home he could argue with his Mum		
9	For Geography he had to draw maps		
10	Michael had to do Games		
11	Michael learnt to read a compass		
12	Michael has to look after the ship on his own at times		
13	At school Michael was good at writing		
14	Michael's writing was legible		
15	The book is his entire log		

The following two tasks are optional:

Science:

Make another boat and make it waterproof. Describe how you achieved this.

Music:

Invent moves/a dance to go with the water cycle song you listened to yesterday as you sing it. Use the link below to access it today.
