

Year 2 Home Learning Activity Grid

Week Beginning 30th March	Monday	Tuesday	Wednesday
Writing	<p>Diary writing – write a diary entry from the point of view of the postman and what he did on his delivery round in the book on that day.</p> <ul style="list-style-type: none"> Who does he meet? What types of mail did he deliver? How did he feel when he met each character? What did he enjoy the most or least? <p>Extra: What would he do if he met an escaped lion or found a diamond ring?</p>	<p>Poster - The Jolly Postman does his rounds on a bicycle. Look at other forms of transport and carry out your own research about a form of transport of your choosing and make a poster about it. Label the different parts of the vehicle.</p> <p>Extra: Write an account of how the vehicle on your poster works.</p>	<p>Postcard – write a postcard to a friend telling them what you have been doing in the last few days. Draw some pictures on the front to show something you enjoy doing. Send it to them if you can.</p>
Reading	<p>Reading Book</p> <p>Look at a range of comprehension questions (use supporting sheet)</p>	<p>Reading Book</p> <p>Look at a range of comprehension questions (use supporting sheet)</p>	<p>Reading Book</p> <p>Look at a range of comprehension questions (use supporting sheet)</p>
Maths	<p>The answer is 10.</p> <p>What could the number sentence be? Examples:</p> <p>$2 + 8 = 10$ $1 + 3 + \underline{\quad} = 10$ $23 - 13 = 10$ $2 \times \underline{\quad} = 10$ $20 \div \underline{\quad} = 10$</p> <p>Find at least 15 ways. 25 ways – well done! More than 30 ways is brilliant! I wonder how many ways there could be?</p>	<p>The answer is 15.</p> <p>What could the number sentence be? This is the same as yesterday but with a different number!</p> <p>Extra: Try a different number of your choice.</p> <p>Extra: Write some stories that have 15 as the answer. Examples: The farmer had 5 pigs, 2 cows and then he bought 4 sheep at the market. The next morning one of his pigs had 4 piglets. He had 15 animals altogether.</p> <p>The farmer's chickens laid 24 eggs. His family ate 9 for breakfast. How many did he have left?</p>	<p>Make 50p from silver coins.</p> <p>You can use 5p coins, 10p coins, 20p coins and a 50p. See if you can find all the ways. Which way uses the least coins?</p> <p>Which way uses the most coins?</p> <p>If this is too tricky then try making 20p with silver coins. You can use 5p, 10p and a 20p. See if you can find all the ways.</p> <p>Extra: Make 1 pound with 10p, 20p and 50p coins. How many ways can you find? Can you do it in order from least coins to most coins?</p> <p>If you do use real coins, make sure you wash your hands really well afterwards, as coins are not clean!</p>
Science	<p>Using your tally chart of different materials you identified around the house/garden last week, create a block graph to show the totals you found for each material.</p> <p>Think back to the chart you made in class about 3D shapes. Use your Maths book to show your graph. Put the materials at the bottom of the graph e.g. stone, fabric, plastic, metal, wood. Starting with zero, put the numbers up the left hand side of the graph. Some of you might need to use a scale of 2 (count up in 2s) to get your totals to fit on one page. Colour one square for each number of a material found. For example, I saw 20 items made from wood, so when I create my block graph, I would colour 20 squares.</p>		

Year 2 Home Learning Activity Grid

	If you have big numbers or would like a harder challenge then each square could represent 2 instead. For 20 I would count in twos and only colour in 10 squares.
History	Transport Find out how the mode of transport you created a poster about (English writing on Tuesday) has changed through history. When was it first invented? Who invented it?
Geography	Map The Jolly Postman visited many fairy-tale homes. Make a map of his journey showing the different houses and/or people he visited. Can you add compass points (North, South, East and West) to your map?
Art	<p>Romans made mosaics. A mosaic is a picture or pattern made of small tiles arranged neatly in rows. Cut up some small squares of paper. They could be bright colours if you have them. Arrange them into a Spring or Easter picture or pattern. Do not leave any spaces. Stick them down. If you do not have any glue then try stirring a spoonful of flour with a little water. This was the glue that the children had to use during the war!</p> <div style="display: flex; justify-content: space-around; align-items: center;">    </div>
DT	Design an Easter or Spring card. It could be a chick popping out of an egg. It could be lambs skipping across a field. Can you make a moving part to your card? It might have two halves of egg shells that open and shut. It might be a lamb that can move across the hillside.
PE	<ul style="list-style-type: none"> • Daily PE session with Joe Wicks, The Body Coach (available on YouTube) • Learn a new skill: Juggling, handstand, moonwalking, whistling, hopscotch, cat's cradle, skipping, sewing a button, knitting, etc... • How long can you balance on one leg? Try the other leg. Can you balance on other parts of your body? Make sure you are safe!

Year 2 Home Learning Activity Grid

Computing	<p>Start working through the levels to develop your touch typing. https://www.bbc.co.uk/bitesize/topics/zf2f9j6/articles/z3c6tfr</p>
RE	<p>We have learnt that a symbol can be a reminder of something a bit like a souvenir. Look for symbols around your home. Look on food cans and packets to start with. Design an Easter symbol to remind Christians that Jesus rose again.</p> <p>Short Easter videos to watch if you would like to.</p> <p>https://www.youtube.com/watch?v=NF7ER12_3IQ The Easter Poem by following the above link.</p> <p>If you only have a phone then you can google: Bible Society Easter Poem and it comes up.</p> <p>https://www.youtube.com/watch?v=ndtnZV-5QTo The Seriously surprising story</p> <p>If you only have a phone then you can google: 'Bible Society The seriously surprising story' and it comes up.</p> <p>The super cool story of Jesus https://www.biblesociety.org.uk/landing/the-super-cool-story-of-jesus-video/</p> <p>There are several more short videos to watch on this site if you want to.</p>
PSHE	<ul style="list-style-type: none"> ● Do some cooking/baking together ● Do some gardening together ● Mindfulness – colouring/drawing ● Play board games (turn taking) ● Start a jigsaw puzzle together
Forest School	<p>Create a den in your garden. You could use a sheet or blanket and some pegs. If you do not have a garden then use a sheet to make a den under a table. Imagine where you are. It could be a pirate ship, a police station or a secret hideaway on a desert island.</p>
Music	<p>Write your own Easter or Spring song to the tune of 'London's burning'</p> <p style="text-align: center;">London's burning, London's burning, Fetch the engine, fetch the engine, Fire, fire, fire, fire, Pour on water, pour on water.</p>

Year 2 Home Learning Activity Grid

	<p>Singing – I’m a Spring Chicken https://www.youtube.com/watch?v=IEey4LZLeGw</p> <p>Sing a song, sing a joyful song. https://www.youtube.com/watch?v=ovUPYvJ22PY</p> <p>I’m Special - This is an amazing version with an orchestra. https://www.youtube.com/watch?v=fZgA0w4ecqw</p> <p>Can you remember the Makaton signs? Song - Easter Jubilation https://www.youtube.com/watch?v=CJyDf6bEVrI Easter jubilation fills the streets and towns, Celebrations have begun. Hear the music and the dancing now, Join the laughter and the fun! OH! Raise a joyful shout! Clap your hands and dance, Let your feelings out. OH! Hear what it’s about, Christ the Lord has come to set us free!</p>
--	--

Additional Maths: telling the time (o’clock, half past, quarter past, quarter to) times tables (2s, 5s, 10s) writing numbers as words

Additional English: Choose 2 common exception words to write in a silly sentence. <https://www.phonicsplay.co.uk/> Username: march20 Password: home
