

Contact Letter	Date: 02.10.20	Year Group: 1
Topic: Knowing Me, Knowing You		
Next week's learning:		
<p>Maths: We will explore how part-whole models work. We will look at how many ways there are to make a number and use practical resources to support our understanding of how a number can be made.</p> <p>English: We will be tasting a variety of fruits and vegetable to learn more about our senses and to further develop our descriptive language. We will also be writing autumn acrostic poems.</p> <p>Wider curriculum: We will be thinking about autumn and the changes we can see around us. We will continue to celebrate Black History Month and learn about the life of Mary Seacole.</p>		
Additional Information:		
<ul style="list-style-type: none"> - If possible, collect any autumn natural items on walks you go on. - For Forest School children – as the weather is starting to change, please ensure the children come to school in appropriate clothes/layers (waterproof trousers are very useful if you have them!) - Please send in any cardboard junk modelling – we will be using this next week to make trees. - We will be tasting fruit next week as we think about Harvest. Please remind us of any fruit/veg allergies via the class emails. - Learning is now available on your child's Teams login pages. This is in the event of needing to isolate and is not compulsory to complete otherwise (it is a replica of what we will be doing in school).
