

<b>Contact Letter</b>	<b>Date:</b> 7 <sup>th</sup> February 2020	<b>Year Group:</b> 5
<b>Topic:</b> Inventions		
<b>Next week's learning:</b>		
<ul style="list-style-type: none"><li>• <b>Maths:</b> We are beginning fractions, looking at equivalent, proper and improper fractions. Any talk using fraction words in context (halves, thirds, sixths ...) will be useful to remind them of concepts learned in Year 4.</li><li>• <b>English:</b> We are continuing our work on persuasion, including balanced arguments and adverts. To help increase writing stamina, try challenging your child to see how many words they can write in one minute and repeat it every day. Can they double their original score?</li><li>• <b>Wider curriculum:</b> In Topic we are moving from 'Who said that?' (exploring where writing came from) to 'Where does all the poo go?' (exploring early sanitation and sewage removal). The children are really enjoying learning about a range of ancient and early civilisations.</li></ul>
